OUR PRESENCE

Customer Experience Centers/Labs 5

Customer Experience Centers/Labs 4

The soaring demand for data and rapid digital transformation in today's technological era calls for an integrated, reliable, and easily deployable IT infrastructure to support massive computing, especially at the edge of the network.

An intelligent and streamlined solution is essential in addressing challenges in terms of space, deployment time, environmental impact, human error, and equipment failures.

Therefore, it becomes essential for IT infrastructure solutions to live up to the dynamic needs of today's business goals.

Vertiv introduces the next-generation powerful edge solution with a low carbon footprint.

SmartCabinetTM 2-M is best suited for today's dynamic requirements in modern IT rooms. Its advanced framework enables customers to adapt to their IT business demands. It eliminates downtime and significantly reduces deployment time with improved efficiency.
